

Monday February 4, 2019

Dear Parents/Guardians,

This year PCS is hosting our 10th annual school-wide field day on Friday May 10, 2019. This year we are doing field day a little different, instead of by school family, we are doing it with the students' homerooms. So everyone in the homeroom will have the same color shirt. We will have 3 different areas going on k-2, 3-5 and 6-8. The students will do all of the events with the students they are with everyday and their teacher gets to be with them throughout the field day event as well. We wanted to switch things up a little bit and this was a great way to culminate the year with each class.

We are offering you the opportunity to purchase a t-shirt for your child in the color of his or her homeroom. These colors changed this year for most students. These t-shirts will serve as team uniforms the day of field day, as well as can be worn on spirit Fridays. If you would prefer not to purchase a t-shirt through school, we request that if possible, your child still wear a shirt that day of the assigned color of his or her homeroom color. This way each child feels like part of the team. Because we have so many teams, we have a wide variety of color shades. If you do not purchase a t-shirt, please do not stress over finding a shirt from home that is an exact match. Anything close will certainly do!

The cost of a t-shirt through school will be \$5 or \$7 for XXL or bigger. Unfortunately, these will not be able to be worn as uniform shirts (unless on navy team), but again can be worn on spirit Fridays. Again, these t-shirts will be worn on the day of the field day event, May 10, 2019. Also, we offer youth *and* adult sizes. Please pay close attention to these; we order exactly what is marked on the sheet. **The last day to place an order will be Wednesday February 20, 2019. (that gives you two ½ weeks)**

We greatly appreciate all of the support you provide throughout the year.

Thank you,

Your PE Department,

Kathy Brann, Klara Mijatovic, Leroy Velandra, Joanie Ryback
